11/12/20

Andrew Sartor
- What's been done:
  - continued work on searching and filtering

- What will be done:
  - finish filtering
  - document favorites api

- What's been hard:
  - getting heroku free tier to be predictable

Kevin Baker
- What's been done:
  - Met with Dr. Gray to discuss commit issues
  - Finished some last minute test cases for the presentation

- What will be done:
  - Finish some test cases for the search implementation
  - Start to implement the listView used for the search for the pantry

- What's been hard:
  - Figuring what can be finished in time for the sprint 3 presentation and what cannot

Erik Mortimer
- What's been done:
  - Meeting with the team and hashing out our plans with Sprint 3
  - Conversation with Dr. Gray and the team
- What will be done:
  - More learning and work through the Udacity course on Kotlin and Android Development
- What's been hard:
  - Understanding the amount of work that will be needed to be done in Sprint 3

Marlee Bryant
- What's been done:
  - Worked on sprint 3 backlog

- Fixed some merge conflicts
- What will be done:
  - Work on connecting search to backend
- What's been hard:
  - Realizing how much we have to do in sprint3

11/19/20
- <mark>ONLY ADD TEAM MEMBERS WHO ARE ACTUALLY AT THE MEETING IN PERSON</mark>
- <mark>EACH MEMBER SHOULD ENTER THEIR OWN INFORMATION AFTER THEY SHARE VERBALLY TO THE TEAM</mark>

Andrew Sartor
- What's been done:
  - Finished filtering to some extent

- What will be done:
  - Documentation of API

- What's been hard:
  - Implementation of backend API features and tying in to front end

Kevin Baker
- What's been done:
  - Looking at how the listView can be used in the pantry fragment efficiently and properly without affecting it in the other fragments in use
  - Polished some of the older test cases which were not working properly

- What will be done:
  - Finish listView implementation in the pantry
  - Add the required test cases

- What's been hard:
  - Dealing with packing and traveling for thanksgiving and working on the project

Erik Mortimer
- What's been done:
  - Looking over custom CalendarView and PDF generation component in Android Studio
  - Determining what tasks need to be accomplished before Sprint 3 turn-in
- What will be done:
  - Implement CalendarView and PDF generation within List activity
  - Establish destinations through activities
- What's been hard:
  - Finding time to work on projects and homework for other classes

-

Marlee Bryant
- What's been done:
  - Attempted to get the search UI connected to the backend
  - UI improvements for the details page
- What will be done:
  - Continuing to connect the search UI to the backend
- What's been hard:
  - Errors with connecting the front-end and backend
